Fanjun Bu

11 E Loop Rd,
New York NY 10044 USA

Personal Website fb266@cornell.edu Google Scholar

I am a Ph.D. candidate at Cornell Tech, advised by Dr. Wendy Ju. My research focuses on how context shapes human-robot interaction (HRI). I design systems that integrate environmental, social, and situational factors to improve robot adaptability and responsiveness. My work bridges robotics, human-computer interaction, and AI, aiming to advance the design of interactive robotic systems.

EDUCATION

June 2021 – Present
PhD Candidate, Cornell Tech
Advised by Professor Wendy Ju,
New York, NY

August 2017 – June 2021
Johns Hopkins University, Baltimore, MD
Whiting School of Engineering, B.S. in Applied Mathematics and Statistics, Computer Science, and Cognitive Science.
Whiting School of Engineering, M.S. in Computer Science

POSITIONS

May 2024 – August 2024
Research Intern, Toyota Research Institute,
Human-Interactive Driving,
Los Altos

May 2020 – April 2021
Research Assistant, Personal Robotics Lab, University of Washington
Advised by Tapomayukh Bhattacharjee (now an assistant professor at Cornell University),
Remote

August 2020 – April 2021
Research Assistant, Intuitive Computing Lab, Johns Hopkins University
Advised by Professor Chien-Ming Huang,
Baltimore, Maryland

Jun 2019 – August 2019
Research Intern, Learning Algorithms and System Laboratory (LASA), École Polytechnique Fédérale de Lausanne
Laussane, Switzerland

October 2017– April 2021
Research Assistant, Honey Lab, Johns Hopkins University University
Advised by Professor Christopher Honey,
Baltimore, MD

TEACHING ASSISTANTSHIPS

Spring 2023 **INFO5755/INFO6755/CS5755/CS6755. Mobile Human Robot Interaction Design** Cornell Tech.
Develop new labs for students to learn ROS and build mobile robots.
(Outstanding TA Award)

Fall 2021 **CS4750/CS5750/ECE4770/MAE4760. Foundations of Robotics.** Cornell University.
Design assignments for students to learn robot kinematics, planning, and control.
(Outstanding TA Award)

Fall 2020 **601.457. Computer Graphics.** Johns Hopkins University.
Help students with basic computer graphics operations in C++.

Fall 2019, Spring 2020 **553.430. Introduction to Statistics.** Johns Hopkins University.
Teach weekly sessions to cover detailed statistical derivations and examples.
